

Circle Workshop

by Karla Alexander 2016

Sewing circles has never been so much fun! No worries if you've never sewn curves before OR if you prefer straight seams! You will leave this workshop a master of curves!

Come ready to experiment and learn new exciting techniques to create waves, perfect circles, free-form cut ovals, arcs and gentle curves. Nothing is set in stone, changes are welcome and you will be encouraged to follow your instincts while exploring additional options. Of course you are always welcome to follow my pre-planned pattern instructions step by step if that is your style. Tackling and understanding the curve is the objection of this workshop.
